

SYED KHADIR ANEEQ

Technical Solution Representative | GCP AI/ML

+91-9087656363 | aneeqsyed12@gmail.com | linkedin.com/in/ska12 | github.com/12Aneeq | Chennai, India

SUMMARY

GCP AI/ML professional with hands-on experience building and deploying intelligent cloud solutions at Tata Consultancy Services. Specialise in **Gemini Enterprise, Vertex AI, Conversational AI, and Translational AI** on Google Cloud Platform. Backed by a strong foundation in Python, LLM integration, AI agents, and automation — with prior industry exposure at **ISRO SDSC-SHAR**. Passionate about building scalable, AI-powered applications that solve real-world engineering challenges on the cloud.

EXPERIENCE

Technical Solution Representative — AI/ML (GCP) | Tata Consultancy Services (TCS) *Dec 2024 – Present | Chennai*

- Work in the **AI/ML domain** on **Google Cloud Platform**, driving adoption and technical solutions for enterprise customers.
- Support and deploy **Gemini Enterprise** solutions, enabling businesses to leverage Google's most capable AI models at scale.
- Implement and manage **Vertex AI** pipelines for ML model training, deployment, and monitoring across GCP environments.
- Build and integrate **Conversational AI** solutions using Dialogflow and CCAI to automate intelligent customer interactions.
- Deploy **Translational AI** capabilities on GCP to power multilingual, real-time language solutions for global enterprises.
- Collaborate with cross-functional teams working on **Docker, Kubernetes, and Terraform** to deliver end-to-end cloud solutions.

Engineering Intern | ISRO SDSC-SHAR

Apr 2024 – May 2024 | Sriharikota

- Developed a **PLC-based control system** for pump operations in LINAC cooling systems.
- Integrated control logic with **SCADA** for real-time monitoring and automated operation.
- Simulated **fail-safe interlocks** to handle sensor failure scenarios and improve system reliability.

PROJECTS

AI Agent for Cloud Security Configuration Audit & Recommendations (GitHub)

Tech Stack: Python, AWS, LLMs, JSON, YAML

- Developed an AI-powered cloud security auditing agent aligned with **CIS/NIST** standards.
- Automated **IAM, S3, EC2, RDS, and CloudTrail** assessments with severity-based PDF remediation reports.

SnapVoice – AI-based Attendance Management System (GitHub)

Tech Stack: Python, Streamlit, OpenCV, Face Recognition, Voice Recognition

- Built an AI-powered attendance system using **Face and Voice Recognition** for secure user verification.
- Designed separate interfaces for Students and Teachers with **real-time attendance tracking**.

Prompt2Test – AI-powered Test Case Generator (GitHub)

Tech Stack: Python, FastAPI, Ollama (Llama3), Selenium, JSON

- Built a QA automation tool generating functional test cases and edge cases from feature descriptions using **Llama3**.
- Enabled **Selenium** automation script generation with JSON-based output for improved testing efficiency.

CRM Automation Bot – Automation Anywhere (GitHub)

Tech Stack: Automation Anywhere, Python, CSV, Web Automation

- Deployed a bot to capture customer data from multiple websites, automating CSV generation and email distribution.

SKILLS

Cloud & AI/ML: Google Cloud Platform (GCP), Gemini Enterprise, Vertex AI, Conversational AI, Translational AI, Cloud Security & IAM

Programming & Backend: Python, FastAPI, REST APIs, SQL, Java, C

AI/ML Frameworks: LLMs, RAG, AI Agents, Prompt Engineering, Pandas, PyTorch, OpenCV

Automation & Testing: Selenium, Automation Anywhere, Streamlit, Docker, Kubernetes, Terraform

Tools & Platforms: Git, GitHub, Linux, AWS, ServiceNow

EDUCATION

B.E – Electronics and Communication Engineering

2020 – 2024

Prathyusha Engineering College | **CGPA: 8.96**

CERTIFICATIONS

- **Google Cloud Associate Cloud Engineer** | Google Cloud
- **Generative AI with Vertex AI: Prompt Design** | Google Cloud
- **AWS Certified Developer – Associate** | Amazon Web Services
- **Automation Anywhere Certified Essentials RPA Professional** | Automation Anywhere
- **Design Thinking Elite** | NPTEL
- **Introduction to Networks** | CISCO
- **The Ultimate SAP S/4 HANA Certification** | Udemy
